WAR NOT OVER.

Capture of More British Guns Sets London to Thinking.

CRITICISM IS SEVERE

Raid of General Botha into Natal Regarded as a Calamity—Financial Outlook far from Satisfactory. More British Reverses.

New York, Sept. 21.—Commenting upon South African situation, the London correspondent of The Tribune says anxiety with regard to the situation in South Africa is intensified by Lord Kitchener's latest message announcing the loss of two more British guns. The war is not over, and even some of the Unionist papers are blaming the government for the manner in which the country has been deluded into the belief that the Boers were at the end of their resources.

General Botha has for a week past been meditating a raid into Natal and no doubt he is acting in co-operation with other Boer leaders. Whether he has enough material at his command to enter upon a campaign on a large scale in northern Natal is open to doubt. But at the same time General Kitchener may not have enough men to successfully oppose the Boer commandant general, unless he considerably reduces the number now employed in chasing raiding commandoes throughout the length and breadth of Cape Colony.

Natal is almost the only position in South Africa which is beginning to recover from the misfortunes of the last two years and it offers tempting prey to the raider. A fresh invasion of this colony would be regarded here as a real calamity.

The financial outlook is also far from satisfactory. On the stock exchange rumors are current that the chancellor of the exchequer will ultimately have to float another large issue of consols.

BRITISH REVERSES.

Boers Make Four Notable Charges Winning Success Every Time.

London, Sept. 21.—While Kruger and Leyds are drawing up petitions to President Roosevelt and the czar, asking them to intervene, the fighting Boers are helping themselves in South Africa by celebrating the expiration of the period in which General Kitchener proclaimed they must surrender by four notable successes, the killing of 68 officers and men, the wounding of 63 and capturing five guns and 300 men. The governments publication of these reverses causes an outburst of exasperation against the conduct of the war, not in South Africa, but by the ministry. The great ministerial journals accuse the government of trying to run the war on the 'cheap' order by not providing General Kitchener with sufficient resources.

BOER PLEA FOR PEACE.

It Will Be Called up Before The Hague Court of Arbitration.

The Hague, Sept. 21.—Baron von Lynden, minister of foreign affairs, has forwarded to the legations and members of the council of the court of arbitration a copy of the Boer appeal for arbitration, with notification that he intends to bring up the appeal for consideration at the first meeting of the council. The date of the meeting is not fixed.

American Claims to Be Settled.

London, Sept. 21.—The foreign office is disposed to settle claims of Americans for deportation from the Transvaal without troubling the United States. The embassy will collect more testimony or bring over witnesses for examination by the claims commission as agreed upon in August. The demands of the Americans will be voluntarily scaled down by the United States embassy from large sums at first asked, while the foreign office intimates it will readily concede reasonable payments for the losses of property and for personal inconvenience.

To Leave the Amalgamated.

Pittsburg, Sept. 21.—The striking tin plate workers who have refused to abide by the agreement made in New York between President Shaffer and the officials of the companies of the United States Steel Corporation are expected to secede from the Amalgamated association and form a separate union to be composed entirely of tin plate workers. The tin workers say they have been ill treated and ignored in the strike settlement, and at a meeting proposed a resolution asking the men to continue the strike and return the charters of the various lodges to the Amalgamated association. Outside of the tin workers nearly all of the strikers have returned to the mills or will be working in a day or so. The plan of the tin workers is to affiliate with the American Federation of Labor.

PLENTY OF NERVE.

George Bradshaw Had to Be Placed in Jail for Protection.

Guthrie, O. T., Sept. 21.—George Bradshaw, the carpenter who was almost mobbed in Oklahoma City for refusing to walk under the American flag in the McKinley memorial parade, has been brought here and placed in the Logan county jail for protection. Bradshaw said:

"I am an anarchist. Oklahoma City is made up of hoodlums. If this is a free country, a man has a right to say what he thinks. This is not a free country. The powers are subsidized. No, Ozolgosz is not an anarchist; he is a nihilist or insane. He will never be executed; mark my words."

That Bradshaw has plenty of nerve was proven when he returned to Oklahoma City at 10 o'clock Thursday night after having been run out by the mob during the day. His presence became known and another mob was gathered, when the officers took Bradshaw in charge.

A Suspicious Person.

Washington, Sept. 21.—The police are looking for a man who approached several pedestrians Friday and asked the address of President Roosevelt's sister, the wife of Commander Cowles of the navy.

Several officers were detailed to guard the Cowles residence. The man is described as about 40 years of age, speaks with a foreign accent, has a light moustache and wears dark clothes. He carried a box about 8 inches long and 3 1/2 inches wide.

Indians May Enroll.

Vinita, I. T., Sept. 21.—The fullblood Cherokee Indians have decided to confer with the Dawes commission in order to ascertain if some agreement can be reached relative to the enrollment of fullbloods. The fullbloods have not understood the situation and before they register they want the conditions under which they register clearly understood. The following committee is now in conference with the Dawes commission: Soldier Tolen, John Gross, Robert Meigs and F. J. Boudinot.

Chanler Found Once More.

Richmond, Sept. 21.—A Charlottesville, Va., special says that John Armstrong Chanler, the divorced husband of Amelie Rives, now Princess Troubetzky, and who has been lost for nearly a year, many of his friends thinking he was dead, arrived here Friday morning on a southern train from Lynchburg, where he has been stopping at the Arlington hotel for six weeks. He was met at the train and driven to the residence of his friend and counsel, Captain Micajah Woods.

Fleeing Convict Shot.

Corsicana, Tex., Sept. 21.—S. L. Tampleton, a convict on the county farm, made a break for liberty and was shot by one of the guards. A shotgun loaded with buckshot was the weapon used by the guard and the wounds inflicted are supposed to be fatal. One shot pierced the right leg, one the right hip, one the left leg and another passed nearly through the body, lodging just beneath the skin.

Charged With Misappropriation.

El Paso, Tex., Sept. 21.—A sensation was occasioned in official and society circles of Juarez, Mex., by the arrest of C. E. Pani, chief engineer of the Mexican government, in charge of levee and protection work on the Rio Grande. Senior Pani's two assistants were also arrested, all charged with misappropriation of government funds. Senior Pani and wife are leaders of Juarez society.

More British Captured.

London, Sept. 21.—Gen. Kitchener reports that the Boers have captured a company of mounted infantry and two guns at Viakfontein. One officer was killed. The Boers superior in force surrounded the British. General Kitchener is making a strict investigation and has sent a column of troops in pursuit of the Boers.

Object to Indemnity Tax

Pekin, Sept. 21.—A party of 40,000 people stormed the walls of Ohimo, China, Sept. 2, because the magistrat refused to grant their request to reduce the indemnity tax. He had been warned that the city would be seized if he did not comply. The magistrate posted his soldiers on the city walls and repulsed the attack.

Killed by a Stray Bullet.

Paris, Tex., Sept. 21.—While a number of young negroes below state Shoels near the line of Red River county, were engaged in shooting at a target with long range Winchester rifles, another negro over in Red River county was struck and killed by a stray bullet. He was in the lot feeding his horses at the time.

Miss Conger Married.

Chicago, Sept. 21.—Miss Laura Conger and Lieutenant Fred E. Buchanan, United States army, were married here. Miss Conger is the daughter of the United States minister to China. The courtship which ended in the wedding ceremony was begun at Pekin.

Frost in Oklahoma.

was not heavy enough to kill any vegetation. This is the earliest frost ever known in Oklahoma and together with the unprecedented cold weather of last week is doing much damage to cotton.

New Texas Bank.

Washington, Sept. 21.—The comptroller of the currency has authorized the First National bank of Center, Tex., to commence business with a capital stock of \$80,000, also the State National bank of Quanah, Tex., to begin business with a capital of \$50,000.

W. C. T. U. National Conference.

Fort Worth, Tex., Sept. 21.—It is officially announced from headquarters of the Woman's Christian Temperance Union that the "White Ribbon Special" will arrive in Fort Worth Thursday, Nov. 14, bringing members of the national executive committee, delegates and visitors to the national convention of the union. The convention will last seven days. This will be the first time this convention has ever been held in the south.

RODGERS AGAIN INDICTED.

Charged With Landing Portuguese Lads
In Violation of Law.

Boston, Sept. 21.—Indicted on the
charge of allowing 110 Portuguese lads
from Hayal, O. V. I., to enter this coun-
try in violation of the immigration law,
Antonio Rodgers, a New Bedford ship-
ping agent, was taken from his office
by United States officers and brought to
this city for a hearing. He was released
on \$3000 bail and his trial will be ar-
ranged later.

For months the officials have been
working upon this case, which is con-
sidered one of great importance. Hav-
ing apprehended the defendant some
time ago, United States Deputy Waters
has a date set for the hearing. The
government officials allege that impor-
tant witnesses were spirited, causing
the prosecution to fall through, and in
consequence Rodgers was acquitted.
Nothing daunted, the immigration of-
ficials continued their investigation; wit-
nesses were again procured with much
difficulty and through their evidence
another indictment was found against
Rodgers, resulting in his arrest. When
taken into custody he manifested great
surprise. The Portuguese lads have
been leaving Cape Verde islands to es-
cape military duty.

The schooner for which Rodgers is
agent is the Hattie and Lottie and it is
alleged that in May last, 110 young men
were brought here on that vessel and
permitted to land.
The trip is believed to have netted
nearly \$15,000. According to the gov-
ernment officers the schooner reached
New Bedford at night and under cover
of darkness the boys were landed in
boats.

Hanna Through With Interviews.

Cleveland, Sept. 21.—Asked to make
a brief statement as to how he regarded
the policy of President Roosevelt so far
as it has been expressed and what sort
of administration he believed the new
president would give to the nation,
Senator Hanna said, according to the
Plain Dealer:

"I am done with being interviewed
for all time."
"Have you decided not to again pub-
licly express your opinion?" was asked
Senator Hanna.

"No more," was the brief answer.

CALLED ON THE PRESIDENT

Some Senators and Congressmen Pledge
Support to Roosevelt.

Washington, Sept. 21.—President
Roosevelt walked to the White House
early this morning from the residence
of his brother-in-law, Commander
Cowles of the navy, arriving shortly
before 9:30. Secretary Hay, Secretary
Long and Secretary Gage came almost
upon his heels and saw the president
for a few minutes in the cabinet room.
The doors of the White House were
closed to the public, but admission was
accorded to those who desired to see the
president personally and within an
hour a score of men prominent in pub-
lic life had called to pay their respects
and to extend their good wishes for a
successful administration.

Among them were Senators Scott and
Elkins of West Virginia, Pritchard of
North Carolina, Millard of Nebraska
and Burton of Kansas and Representa-
tives Heatwole, McCleary and Stephens
of Minnesota, Gibson of Tennessee and
Livingstone of Georgia. All were de-
lighted with the reception accorded
them. Senators Elkins and Scott con-
gratulated the president upon the de-
claration he had made when he took
the oath of office.

"That simple declaration," said Sen-
ator Scott, "immediately restored con-
fidence in the business world."

Mr. Livingstone was especially pleas-
ed with his reception. The Georgia
representative then congratulated the
president and expressed hopes that the
administration would be a success and
then informed him that as a southern
man and a Georgian he would contrib-
ute everything in his power to that
end.

The president replied that it would be
his aim to be president of the whole
people without regard to geographical
lines or class distinctions; that it was
the welfare of all which he should seek
to promote.

Texas Made a Consul.

Washington, Sept. 21.—The president
has made the following appointments:
Jesse H. Johnson of Texas, to be con-
sul at Santos, Brazil.

George O. Cornelius of Pennsylvania,
to be consul at St. Johns, N. F.
Alonso B. Garrett of West Virginia,
to be consul at Nuevo Laredo, Mex.

SCHLEY COURT OF INQUIRY.

Captain Harbor Gives Testimony That
Differs from Other Officers.

Washington, Sept. 21.—The first wit-
ness called in the Schley court inquiry
this morning was Captain Harbor,
executive officer of the battleship Texas
during the Spanish war. He was then
turned over to Schley's counsel and
questioned concerning statements made
on the stand Friday. He maintained
that no picket line was established at
Cienfuegos and gave his opinion of the
weather which differed from the log of
the Massachusetts. Schley's counsel
began examining him upon the logs of
the fleet when Captain Harbor objected
and the objection was sustained by the
court, as he had nothing to do with pre-
paring them.

Captain Harbor also maintained that
it was his recollection that the fleet was
further away at night than at daytime.
When attention was called to a con-
trary statement made by Admiral Hig-
ginson the witness said that it was not
material to him what any other man
had said; that he had given an estimate
and was not concerned about the state-
ments of others.

"Then you object to having your
memory refreshed," said Mr. Rayner.
"I said nothing of the kind," replied
the witness. "I am here to give my tes-
timony, and I object to being spoken to
the way you speak to me."

He also objected to Mr. Rayner's
shaking his finger at him, saying he
construed it as menace.

Mr. Rayner insisted he meant to be
entirely respectful and not to menace
the witness.

Miner Gets into Trouble.

Leadville, Col., Sept. 21.—An Italian
miner at the Elk mine remarked that
all kings and presidents should be killed
and that it was the right thing to kill
McKinley. Three hundred miners gath-
ered at the shaft house, waited until
the fellow appeared, placed a rope round
his neck and started for a railroad trestle.
On the advice of some of the crowd
the man's life was spared, but he was
badly choked and driven out of the
camp by the miners with revolvers.

Considering Another Challenge.

New York, Sept. 21.—If the Sham-
rock II wins the America's cup it is
said a challenge will be issued im-
mediately by the New York Yacht club for
a race next year. It is claimed that ar-
rangements have already been made
looking to the issuance of a challenge.
This does not, however, mean that the
members of the club think the Colum-
bia will be beaten.

Root's Son Seriously Ill.

New York, Sept. 21.—Because of the
serious illness of his eldest son, Elihu
Root, secretary of war, hastened back
to his home in this city. Mr. Root's
son has been ill for two weeks with ty-
phoid fever and the father will not re-
turn to Washington until the patient
has passed the critical period, which
will not be reached until next week.

May Cause All to Strike.

Youngstown, O., Sept. 21.—The 50
puddlers employed at the Girard plant
of the American Steel Hoop company,
who refused to work Thursday night
out of respect to the memory of Presi-
dent McKinley, were discharged Friday
night. The employees of the plant will
strike unless the discharged workmen
are reinstated.

NO FEAR FROM ROOSEVELT.

Captain Lee Intimates He Will Not In-
terfere in Boer War.

New York, Sept. 21.—Among the pas-
sengers booked to sail on the steamship
Kaiser Wilhelm der Grosse on Tuesday
next is Captain Arthur Lee, military at-
tache to the British embassy in Wash-
ington and a Conservative member of
parliament from South Hampshire.
Captain Lee and his wife have been in
this country for a month visiting in
Maine. As the representative of the
English army Captain Lee campaigned
in Cuba during the Spanish-American
war. During the campaign he spent
a great deal of his time with the rough
riders and became intimately acquaint-
ed with Mr. Roosevelt. He said:

"As a student of the American people
I count myself particularly fortunate in
having been in this country during the
past week. I have seen them in the
days of their exultation, in the days
of their prosperity and pride, and now I
have seen them in their hour of humili-
ation and grief. The universal feeling
of affection for the stricken president
and of genuine sorrow over his death as
expressed by the highest and the low-
est presents to the foreigner a new
phase of their national character."

"Have you ever heard it rumored that
heretofore President Roosevelt has been
inclined to sympathize with the Boers
in the South African struggle?" he was
asked.

"I have talked with him on the sub-
ject," said Captain Lee, "and I think I
know his views, but of course I could
not abuse his confidence by repeating
anything he might have said. I will
state positively, however, that he never
made any secret of his appreciation of
the helpful attitude of England toward
the United States during the struggle
in Cuba, and that he has not forgotten
it. England has nothing to fear from
his administration and I think the lead-
ers of my government are convinced of
that fact."

Speaking of the probable work of the
house of commons at its next sitting,
Captain Lee expressed the hopes that
one of its first discussions would be up-
on the Nicaraguan canal treaty.

"I have every hope that the United
States senate will accept the new treaty
laid before it next September," said he,
"and I hope that the treaty will come
before the English parliament in Febru-
ary. I know that every desire on the
part of my government is for the build-
ing of the canal. The trouble thus far
over there has not been a matter of the
case but the manner in which it was
dealt with in the senate, when the Hay-
Pauncefote treaty was presented. For
my part I will urge at every opportu-
nity in the house of commons an early
and favorable settlement of the case
and believe the outlook is bright."

Notice to Light Consumers.

We find upon investigation that
electric light globes have been
bought and sold to our patrons in
any size desired, and some have sub-
stituted 32-candle power when in fact
they have contracted for and are
paying for only 16-candle power
lights. This forces upon us the
trouble of ascertaining the parties
making these changes, in order that
we may know the number and size
of lamps used by each patron, so we
can charge accordingly. All parties
using lamps of a greater candle
power than 16, unless specially con-
tracted for will be charged therefor.
Our lamps can be had at our store or
at Cole Bros.' hardware store, and
when globes are sold by the latter
we are notified of the number, size
and name of the purchaser, and by
this means we can always know the
number and size of lamps in use and
by whom used, but when they are
sold indiscriminately it is impossi-
ble for us to know. If this is contin-
ued, it will force us to change our
voltage, in order to protect ourselves
from such great loss.

BRAIN-FOOD NONSENSE.

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not only nourish a particular part of the body, but it will sustain every other part. Yet, however good your food may be, its nutriment is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get Dr. G. G. Green's reliable remedies at Wilson-Jenkins Drug Co.'s store. Get Green's Special Almanac.

TEXAS LEGISLATURE.

House Has Made No Progress on Appropriation Bill.

IS ABOVE THE LIMIT.

The Governor Placed the Extreme Estimate at \$5,500,00 and the Bill Now Goes Beyond That Amount by \$500,000.

Austin, Sept. 21.—Unless the house changes its course and begins work on the appropriation measure in line with Governor Sayers' proclamation, a third special session must be called and probably a fourth.

Sixteen days of this special session have passed. The appropriation bill is not yet out of the hands of the committee of the whole. It was considered when the bill came from the finance committee it would have to be pruned down, as the total was \$537,000 more than limit the governor had set. The total now is \$6,054,000 or 534,000 more than the governor's limit. As nothing has been done in the line of pruning, which was considered the work to be done, it seems fair to say that no progress has been made.

All of Friday morning's session was devoted to debating the appropriation for the state entomologist, which held the boards all of Wednesday afternoon and Thursday morning. When it came to a vote there was not a corporal's guard against it, the vote exciting wonder that a few men could make so much fuss.

Most of the afternoon was devoted to the discussion of an amendment to cut \$15,000 for three new agricultural experiment stations. The debate wound up by the committee voting \$20,000 for two stations.

The session of the senate was unimportant and adjournment was taken to 3 o'clock Tuesday afternoon.

Accidentally Shot.

Denison, Tex., Sept. 21.—While hunting in Red river bottom near Rock Pluff, six miles from here, George W. Carver and his wife met with a very serious accident. The accident was caused by the discharge of a gun loaded with No. 6 shot falling from their buggy. A portion of the charge passed through the right arm of Mr. Carver, cutting the biceps in two. The balance of the charge passed in close proximity of Mrs. Carver's head. Several of the shot hit the left side of her head and others penetrated her left eye. The physicians in attendance decided the eye must come out. An operation was performed, removing it. It was found that at least one of the shot had gone on into the head and probing failed to locate it. While her condition is unquestionably serious, it will be several days before she will be out of danger.

Many Witnesses Summoned.

Terrell, Tex., Sept. 21.—The cases of the State vs. A. J. Parker, J. A. Pate and Ed Mathis, the officers charged with the killing of Vernon and Myrtis Etzley of McCloud City, Miss., near Elmo last May, were called in the district court of this county and on the application of defendants the cases were continued until the next term of the court, which will be in February. There were 840 witnesses summoned in these cases, some from Mississippi and a number from Van Zandt county, where Officers Pate and Mathis live.

Creamery for Winsboro.

Winsboro, Tex., Sept. 21.—The foundation for the Winsboro creamery has been laid. The association building is a co-operative concern composed of farmers and business men. The creamery and cheese factory is located in Winsboro, with skimming stations at Pleasant Grove and Greenwood. Other skimming stations will probably be located. The promoters now think the creamery will open for business about Nov. 1 with something like 1000 cows being milked for it.

Caught in New Mexico.

Hereford, Tex., Sept. 21.—Fred Mendenhall, who broke jail here on Sept. 17, was captured at Portales, N. M., less than 24 hours after his escape. He refused to return to Texas without requisition, and the necessary papers have been made out and forwarded to the governor for his signature.

Will Use Oil for Fuel.

Longview, Tex., Sept. 21.—No. 6, Texas and Pacific eastbound cannon ball jumped the track two miles east of Hawkins Friday the entire train being derailed and all the coaches turned over. No one was killed and only two or three persons were hurt, none seriously.

Ridgley Accepts.

Chicago Sept. 21.—William B. Ridgley, who has been appointed comptroller of the currency, will, within a few days, resign the presidency of the Republic Iron and Steel company and leave Chicago for Washington to assume his new duties.

Run Over by a Switch Engine.

Tyler, Tex., Sept. 21.—J. F. Bennett, a car repairer, was killed by a switch engine in the Cotton Belt yards here. He was married and was about 45 years of age and lived here.

CZAR IN FRANCE.

He Keeps Officials Busy Looking after Their Guests.

Compiegne, Sept. 21.—Emperor Nicholas exercised the prerogative of an autocrat Friday and kept President Loubet and all the occupants of the chateau compiegne marking time the whole day Friday until he had signified his desires. It was fully expected that he would drive to Pierrefonds and visit the castle and that afterwards he would go shooting in the great park attached to the chateau compiegne. All the arrangements had been made and 400 peasants were let loose in conveyances. But he did nothing of the kind. His majesty remained in his apartments until 10 o'clock when he took a short promenade in the gardens with the czarina and in the afternoon took a drive to Bauxmouts.

The emperor had a long interview with M. Waldeck-Rousseau the French premier. It lasted at least two hours. Count M. Lamsdorff, the Russian foreign minister also conferred with M. Delcasse, the French minister of foreign affairs, it is whispered that the principal subjects of the two interviews was the commercial relations between France and Russia.

The crowning feature of the day's event was the gala performance in the Chateau theater which was followed by a grand banquet in the famous Hall of Columns, at which the members of the French cabinet, the officers of the senate and chamber of deputies and leading members of the suite of the czar and M. Loubet were present.

ANOTHER APPEAL.

Indians Still Making Attempts to Stop Land Settlement.

Guthrie, O. T., Sept. 21.—Lone Wolf, principal chief of the Kiowa Indians; Eshite, principal chief of the Comanche Indians, and seven other Indians representing the Kiowa-Comanche-Apache federation have appealed to the Oklahoma supreme court for a temporary injunction to prevent the settlement by whites of the lands recently opened in Oklahoma and petitioning to be restored to all their rights. They named as defendants ex-Governor W. A. Richards who conducted the land opening and the registers and receivers of the El Reno and Lawton land offices.

Their petition was refused by Judge Irwin in the Canadian county district court on Aug. 9, and they appealed from his decision.

Mrs. McKinley's Condition.

Canton, O., Sept. 21.—When approached here and asked as to the condition of Mrs. McKinley, Dr. Rixey said: "Mrs. McKinley's grief is intense. She is doing as well could be expected. However, too much encouragement should not be taken at this early in the day regarding her."

Still Improving.

Canton, Sept. 21.—Mrs. McKinley's condition was more favorable yesterday morning than at any time since her arrival here. Her condition is as good as could have been expected and she secured considerable rest Thursday night.

Head Cut from Body.

Hobart, O. T. 21.—The dead body of a carpenter named John McCutcheon was found three miles east of here lying on the railroad track. The head was severed from the body. McCutcheon left here early Friday on the body from H. A. Allen of Marlow, I. T. Deceased had no relatives here.

Freight Agent Sheppard Resigns.

San Francisco, Sept. 21.—A. D. Sheppard, general freight agent of the Southern Pacific company has handed in his resignation. He will go to Victoria, B. C., as resident agent of the Pacific Improvement company. G. W. Luce, assistant general freight and passenger agent of the company at Los Angeles, will probably succeed Mr. Sheppard.

Loubet's Speech a Puzzle.

Bethany, France, Sept. 21.—In his speech at luncheon after the review here, President Loubet created somewhat of a sensation by saying: "The Franco-Russian alliance is pledged to settlements inspired by justice and humanity." Whether rightly or otherwise, some of the hearers took the remark to refer to affairs in South Africa.

Retraction by a Minister.

Huntington, Ind., Sept. 21.—Rev. Joseph Wildman, a minister tarred and feathered in this city Monday evening for criticism of the life of the late William McKinley, has issued a card of retraction. At first he remained obstinate and maintained his utterances were intentional and correct. He now acknowledges his error and begs the public's pardon.

WAR NOT YET OVER.

Capture of More British Guns Sets London to Thinking.

CRITICISM IS SEVERE

Raid of General Botha into Natal Regarded as a Calamity—Financial Outlook far from Satisfactory. More British Reverses.

New York, Sept. 21.—Commenting upon South African situation, the London correspondent of The Tribune says anxiety with regard to the situation in South Africa is intensified by Lord Kitchener's latest message announcing the loss of two more British guns. The war is not over, and even some of the Unionist papers are blaming the government for the manner in which the country has been deluded into the belief that the Boers were at the end of their resources.

General Botha has for a week past been meditating a raid into Natal and no doubt he is acting in co-operation with other Boer leaders. Whether he has enough material at his command to enter upon a campaign on a large scale in northern Natal is open to doubt. But at the same time General Kitchener may not have enough men to successfully oppose the Boer commandant general, unless he considerably reduces the number now employed in chasing raiding commandoes throughout the length and breadth of Cape Colony.

Natal is almost the only position in South Africa which is beginning to recover from the misfortunes of the last two years and it offers tempting prey to the raider. A fresh invasion of this colony would be regarded here as a real calamity.

The financial outlook is also far from satisfactory. On the stock exchange rumors are current that the chancellor of the exchequer will ultimately have to float another large issue of consols.

BRITISH REVERSES.

Boers Make Four Notable Charges Winning Success Every Time.

London, Sept. 21.—While Kruger and Leyds are drawing up petitions to President Roosevelt and the czar, asking them to intervene, the fighting Boers are helping themselves in South Africa by celebrating the expiration of the period in which General Kitchener proclaimed they must surrender by four notable successes, the killing of 68 officers and men, the wounding of 63 and capturing five guns and 300 men. The governments publication of these reverses causes an outburst of exasperation against the conduct of the war, not in South Africa, but by the ministry. The great ministerial journals accuse the government of trying to run the war on the "cheap" order by not providing General Kitchener with sufficient resources.

BOER PLEA FOR PEACE.

It Will Be Called up Before The Hague Court of Arbitration.

The Hague, Sept. 21.—Baron von Lynden, minister of foreign affairs, has forwarded to the legations and members of the council of the court of arbitration a copy of the Boer appeal for arbitration, with notification that he intends to bring up the appeal for consideration at the first meeting of the council. The date of the meeting is not fixed.

American Claims to Be Settled.

London, Sept. 21.—The foreign office is disposed to settle claims of Americans for deportation from the Transvaal without troubling the United States. The embassy will collect more testimony or bring over witnesses for examination by the claims commission as agreed upon in August. The demands of the Americans will be voluntarily scaled down by the United States embassy from large sums at first asked, while the foreign office intimates it will readily concede reasonable payments for the losses of property and for personal inconvenience.

To Leave the Amalgamated.

Pittsburg, Sept. 21.—The striking tin plate workers who have refused to abide by the agreement made in New York between President Shaffer and the officials of the companies of the United States Steel Corporation are expected to secede from the Amalgamated association and form a separate union to be composed entirely of tin plate workers. The tin workers say they have been ill treated and ignored in the strike settlement, and at a meeting proposed a resolution asking the men to continue the strike and return the charters of the various lodges to the Amalgamated association. Outside of the tin workers nearly all of the strikers have returned to the mills or will be working in a day or so. The plan of the tin workers is to affiliate with the American Federation of Labor.

PLENTY OF NERVE.

George Bradshaw Had to Be Placed in Jail for Protection.

Guthrie, O. T., Sept. 21.—George Bradshaw, the carpenter who was almost mobbed in Oklahoma City for refusing to walk under the American flag in the McKinley memorial parade, has been brought here and placed in the Logan county jail for protection. Bradshaw said:

"I am an anarchist. Oklahoma City is made up of hoodlums. If this is a free country, a man has a right to say what he thinks. This is not a free country. The powers are subsidized. No, Ozolgosz is not an anarchist; he is a nihilist or insane. He will never be executed; mark my words."

That Bradshaw has plenty of nerve was proven when he returned to Oklahoma City at 10 o'clock Thursday night after having been run out by the mob during the day. His presence became known and another mob was gathered, when the officers took Bradshaw in charge.

A Suspicious Person.

Washington, Sept. 21.—The police are looking for a man who approached several pedestrians Friday and asked the address of President Roosevelt's sister, the wife of Commander Cowles of the navy.

Several officers were detailed to guard the Cowles residence. The man is described as about 40 years of age, speaks with a foreign accent, has a light mustache and wears dark clothes. He carried a box about 8 inches long and 3½ inches wide.

Indians May Enroll.

Vinita, I. T., Sept. 21.—The fullblood Cherokee Indians have decided to confer with the Dawes commission in order to ascertain if some agreement can be reached relative to the enrollment of fullbloods. The fullbloods have not understood the situation and before they register they want the conditions under which they register clearly understood. The following committee is now in conference with the Dawes commission: Soldier Telen, John Gross, Robert Meigs and F. J. Boudinot.

Chanler Found Once More.

Richmond, Sept. 21.—A Charlottesville, Va., special says that John Armstrong Chanler, the divorced husband of Amelie Rives, now Princess Troubetzky, and who has been lost for nearly a year, many of his friends thinking he was dead, arrived here Friday morning on a southern train from Lynchburg, where he has been stopping at the Arlington hotel for six weeks. He was met at the train and driven to the residence of his friend and counsel, Captain Micajah Woods.

Fleeing Convict Shot.

Corsicana, Tex., Sept. 21.—S. L. Tampleton, a convict on the county farm, made a break for liberty and was shot by one of the guards. A shotgun loaded with buckshot was the weapon used by the guard and the wounds inflicted are supposed to be fatal. One shot pierced the right leg, one the right hip, one the left leg and another passed nearly through the body, lodging just beneath the skin.

Charged With Misappropriation.

El Paso, Tex., Sept. 21.—A sensation was occasioned in official and society circles of Juarez, Mex., by the arrest of C. E. Pani, chief engineer of the Mexican government, in charge of levee and protection work on the Rio Grande. Senior Pani's two assistants were also arrested, all charged with misappropriation of government funds. Senior Pani and wife are leaders of Juarez society.

More British Captured.

London, Sept. 21.—Gen. Kitchener reports that the Boers have captured a company of mounted infantry and two guns at Vlakfontein. One officer was killed. The Boers superior in force surrounded the British. General Kitchener is making a strict investigation and has sent a column of troops in pursuit of the Boers.

Object to Indemnity Tax

Pekin, Sept. 21.—A party of 40,000 people stormed the walls of Chimo, China, Sept. 2, because the magistrat refused to grant their request to reduce the indemnity tax. He had been warned that the city would be seized if he did not comply. The magistrate posted his soldiers on the city walls and repulsed the attack.

Killed by a Stray Bullet.

Paris, Tex., Sept. 21.—While a number of young negroes below state Shoels near the line of Red River county, were engaged in shooting at a target with long range Winchester rifles, another negro over in Red River county was struck and killed by a stray bullet. He was in the lot feeding his horses at the time.

Miss Conger Married.

Chicago, Sept. 21.—Miss Laura Conger and Lieutenant Fred E. Buchanan, United States army, were married here. Miss Conger is the daughter of the United States minister to China. The courtship which ended in the wedding ceremony was begun at Pekin.

was not heavy enough to kill any vegetation. This is the earliest frost ever known in Oklahoma and together with the unprecedented cold weather of last week is doing much damage to cotton.

Fort Worth, Tex., Sept. 21.—It is officially announced from headquarters of the Woman's Christian Temperance Union that the "White Ribbon Special" will arrive in Fort Worth Thursday, Nov. 14, bringing members of the national executive committee, delegates and visitors to the national convention of the union. RODGERS AGAIN INDICTED.

Charged With Landing Portuguese Lads
in Violation of Law.

Boston, Sept. 21.—Indicted on the
charge of allowing 110 Portuguese lads
from Hayal, O. V. I., to enter this coun-
try in violation of the immigration law,
Antonio Rodgers, a New Bedford ship-
ping agent, was taken from his office
by United States officers and brought to
this city for a hearing. He was released
on \$5000 bail and his trial will be ar-
ranged later.

For months the officials have been
working upon this case, which is con-
sidered one of great importance. Hav-
ing apprehended the defendant some
time ago, United States Deputy Waters
has a date set for the hearing. The
government officials allege that impor-
tant witnesses were spirited, causing
the prosecution to fall through, and in
consequence Rodgers was acquitted.
Nothing daunted, the immigration offi-
cials continued their investigation; wit-
nesses were again procured, with much
difficulty and through their evidence
another indictment was found against
Rodgers, resulting in his arrest. When
taken into custody he manifested great
surprise. The Portuguese lads have
been leaving Cape Verde islands to es-
cape military duty.

The schooner for which Rodgers is
agent is the Hattie and Lottie and it is
alleged that in May last, 110 young men
were brought here on that vessel and
permitted to land.

The trip is believed to have netted
nearly \$15,000. According to the gov-
ernment officers the schooner reached
New Bedford at night and under cover
of darkness the boys were landed in
boats.

Hanna Through With Interviews.
Cleveland, Sept. 21.—Asked to make
a brief statement as to how he regarded
the policy of President Roosevelt so far
as it has been expressed and what sort
of administration he believed the new
president would give to the nation,
Senator Hanna said, according to the
Plain Dealer:

"I am done with being interviewed
for all time."
"Have you decided not to again pub-
licly express your opinion?" was asked
Senator Hanna.

"No more," was the brief answer.

CALLED ON THE PRESIDENT

Some Senators and Congressmen Pledge
Support to Roosevelt.

Washington, Sept. 21.—President
Roosevelt walked to the White House
early this morning from the residence
of his brother-in-law, Commander
Cowles of the navy, arriving shortly
before 9:30. Secretary Hay, Secretary
Long and Secretary Gage came almost
upon his heels and saw the president
for a few minutes in the cabinet room.

The doors of the White House were
closed to the public, but admission was
accorded to those who desired to see the
president personally and within an
hour a score of men prominent in pub-
lic life had called to pay their respects
and to extend their good wishes for a
successful administration.

Among them were Senators Scott and
Elkins of West Virginia, Pritchard of
North Carolina, Millard of Nebraska
and Burton of Kansas and Representa-
tives Heatwole, McCleary and Stephens
of Minnesota, Gibson of Tennessee and
Livingstone of Georgia. All were de-
lighted with the reception accorded
them. Senators Elkins and Scott con-
gratulated the president upon the de-
claration he had made when he took
the oath of office.

"That simple declaration," said Sen-
ator Scott, "immediately restored confi-
dence in the business world."

Mr. Livingstone was especially pleas-
ed with his reception. The Georgia
representative then congratulated the
president and expressed hopes that the
administration would be a success and
then informed him that as a southern
man and a Georgian he would contrib-
ute everything in his power to that
end.

The president replied that it would be
his aim to be president of the whole
people without regard to geographical
lines or class distinctions; that it was
the welfare of all which he should seek
to promote.

Texas Made a Consul.

Washington, Sept. 21.—The president
has made the following appointments:
Jesse H. Johnson of Texas, to be con-
sul at Santos, Brazil.

George O. Cornelius of Pennsylvania,
to be consul at St. John, N. F.

Alonso B. Garrett of West Virginia,
to be consul at Nuevo Laredo, Mex.

SCHLEY COURT OF INQUIRY.

Captain Harbor Gives Testimony That
Differs from Other Officers.

Washington, Sept. 21.—The first wit-
ness called in the Schley court inquiry
this morning was Captain Harbor,
executive officer of the battleship Texas
during the Spanish war. He was then
turned over to Schley's counsel and
questioned concerning statements made
on the stand Friday. He maintained
that no picket line was established at
Cienfuegos and gave his opinion of the
weather which differed from the log of
the Massachusetts. Schley's counsel
began examining him upon the logs of
the fleet when Captain Lemly objected
and the objection was sustained by the
court, as he had nothing to do with pre-
paring them.

Captain Harbor also maintained that
it was his recollection that the fleet was
farther away at night than at daytime.

When attention was called to a con-
trary statement made by Admiral Hig-
ginson the witness said that it was not
material to him what any other man
had said; that he had given an estimate
and was not concerned about the state-
ments of others.

"Then you object to having your
memory refreshed," said Mr. Rayner.
"I said nothing of the kind," replied
the witness. "I am here to give my tes-
timony, and I object to being spoken to
the way you speak to me."

He also objected to Mr. Rayner's
shaking his finger at him, saying he
construed it as menace.

Mr. Rayner insisted he meant to be
entirely respectful and not to menace
the witness.

Minor Gets into Trouble.

Leadville, Col., Sept. 21.—An Italian
miner at the Elk mine remarked that
all kings and presidents should be killed
and that it was the right thing to kill
McKinley. Three hundred miners gath-
ered at the shaft house, waited until
the fellow appeared, placed a rope round
his neck and started for a railroad trestle.
On the advice of some of the crowd
the man's life was spared, but he was
badly choked and driven out of the
camp by the miners with revolvers.

Considering Another Challenge.

New York, Sept. 21.—If the Sham-
rock II wins the America's cup it is
said a challenge will be issued im-
mediately by the New York Yacht club for
a race next year. It is claimed that ar-
rangements have already been made
looking to the issuance of a challenge.
This does not, however, mean that the
members of the club think the Colum-
bia will be beaten.

Root's Son Seriously Ill.

New York, Sept. 21.—Because of the
serious illness of his eldest son, Elihu
Root, secretary of war, hastened back
to his home in this city. Mr. Root's
son has been ill for two weeks with ty-
phoid fever and the father will not re-
turn to Washington until the patient
has passed the critical period, which
will not be reached until next week.

May Cause All to Strike.

Youngstown, O., Sept. 21.—The 50
puddlers employed at the Girard plant
of the American Steel Hoop company,
who refused to work Thursday night
out of respect to the memory of Presi-
dent McKinley, were discharged Friday
night. The employees of the plant will
strike unless the discharged workmen
are reinstated.

NO FEAR FROM ROOSEVELT.

Captain Lee Intimates He Will Not In-
terfere in Boer War.

New York, Sept. 21.—Among the pas-
sengers booked to sail on the steamship
Kaiser Wilhelm der Grosse on Tuesday
next is Captain Arthur Lee, military at-
tache to the British embassy in Wash-
ington and a Conservative member of
parliament from South Hampshire.
Captain Lee and his wife have been in
this country for a month visiting in
Maine. As the representative of the
English army Captain Lee campaigned
in Cuba during the Spanish-American
war. During the campaign he spent
a great deal of his time with the rough
riders and became intimately acquaint-
ed with Mr. Roosevelt. He said:

"As a student of the American people
I count myself particularly fortunate in
having been in this country during the
past week. I have seen them in the
days of their exultation, in the days of
their prosperity and pride, and now I
have seen them in their hour of humili-
ation and grief. The universal feeling
of affection for the stricken president
and of genuine sorrow over his death as
expressed by the highest and the low-
est presents to the foreigner a new
phase of their national character."

"Have you ever heard it rumored that
heretofore President Roosevelt has been
inclined to sympathize with the Boers
in the South African struggle?" he was
asked.

"I have talked with him on the sub-
ject," said Captain Lee, "and I think I
know his views, but of course I could
not abuse his confidence by repeating
anything he might have said. I will
state positively, however, that he never
made any secret of his appreciation of
the helpful attitude of England toward
the United States during the struggle
in Cuba, and that he has not forgotten
it. England has nothing to fear from
his administration and I think the lead-
ers of my government are convinced of
that fact."

Speaking of the probable work of the
house of commons at its next sitting,
Captain Lee expressed the hopes that
one of its first discussions would be up-
on the Nicaraguan canal treaty.

"I have every hope that the United
States senate will accept the new treaty
laid before it next September," said he,
"and I hope that the treaty will come
before the English parliament in Febru-
ary. I know that every desire on the
part of my government is for the build-
ing of the canal. The trouble thus far
ever there has not been a matter of the
case but in the manner in which it was
dealt with in the senate, when the Hay-
Pannafote treaty was presented. For
my part I will urge at every opportu-
nity in the house of commons an early
and favorable settlement of the case
and believe the outlook is bright."

Notice to Light Consumers.

We find upon investigation that
electric light globes have been
bought and sold to our patrons in
any size desired, and some have sub-
stituted 32-candle power when in fact
they have contracted for and are
paying for only 16-candle power
lights. This forces upon us the
trouble of ascertaining the parties
making these changes, in order that
we may know the number and size
of lamps used by each patron, so we
can charge accordingly. All parties
using lamps of a greater candle
power than 16, unless specially con-
tracted for will be charged therefor.
Our lamps can be had at our plant or
at Cole Bros.' hardware store, and
when notified of the number, size
and name of the purchaser, and by
this means we can always know the
number and size of lamps in use and
by whom used, but when they are
sold indiscriminately it is impossi-
ble for us to know. If this is contin-
ued, it will force us to change our
voltage, in order to protect ourselves
from such great loss.

TEXAS LEGISLATURE.

House—Has Made No Progress on Appropriation Bill.

IS ABOVE THE LIMIT.

The Governor Placed the Extreme Estimate at \$5,500,00 and the Bill Now Goes Beyond That Amount by \$500,000.

Austin, Sept. 21.—Unless the house changes its course and begins work on the appropriation measure in line with Governor Sayers' proclamation, a third special session must be called and probably a fourth.

Sixteen days of this special session have passed. The appropriation bill is not yet out of the hands of the committee of the whole. It was considered when the bill came from the finance committee it would have to be pruned down, as the total was \$537,000 more than limit the governor had set. The total now is \$5,054,000 or 554,000 more than the governor's limit. As nothing has been done in the line of pruning, which was considered the work to be done, it seems fair to say that no progress has been made.

All of Friday morning's session was devoted to debating the appropriation for the state entomologist, which held the boards all of Wednesday afternoon and Thursday morning. When it came to a vote there was not a corporal's guard against it, the vote exciting wonder that a few men could make so much fuss.

Most of the afternoon was devoted to the discussion of an amendment to cut \$15,000 for three new agricultural experiment stations. The debate wound up by the committee voting \$30,000 for two stations.

The session of the senate was unimportant and adjournment was taken to 8 o'clock Tuesday afternoon.

Accidentally Shot.

Denison, Tex., Sept. 21.—While hunting in Red river bottom near Rock Pluff, six miles from here, George W. Carver and his wife met with a very serious accident. The accident was caused by the discharge of a gun loaded with No. 6 shot falling from their buggy. A portion of the charge passed through the right arm of Mr. Carver, cutting the biceps in two. The balance of the charge passed in close proximity of Mrs. Carver's head. Several of the shot hit the left side of her head and others penetrated her left eye. The physicians in attendance decided the eye must come out. An operation was performed, removing it. It was found that at least one of the shot had gone on into the head and probing failed to locate it. While her condition is unquestionably serious, it will be several days before she will be out of danger.

Many Witnesses Summoned.

Terrell, Tex., Sept. 21.—The cases of the State vs. A. J. Parker, J. A. Pate and Ed Mathis, the officers charged with the killing of Vernon and Myrtle Etizoy of McCloud City, Miss., near Elmo last May, were called in the district court of this county and on the application of defendants the cases were continued until the next term of the court, which will be in February. There were 840 witnesses summoned in these cases, some from Mississippi and a number from Van Zandt county, where Officers Pate and Mathis live.

Creamery for Winsboro.

Winsboro, Tex., Sept. 21.—The foundation for the Winsboro creamery has been laid. The association building is a co-operative concern composed of farmers and business men. The creamery and cheese factory is located in Winsboro, with skimming stations at Pleasant Grove and Greenwood. Other skimming stations will probably be located. The promoters now think the creamery will open for business about Nov. 1 with something like 1000 cows being milked for it.

Caught in New Mexico.

Hereford, Tex., Sept. 21.—Fred Mendenhall, who broke jail here on Sept. 17, was captured at Portales, N. M., less than 24 hours after his escape. He refused to return to Texas without requisition, and the necessary papers have been made out and forwarded to the governor for his signature.

Run Over by a Switch Engine.

Tyler, Tex., Sept. 21.—J. F. Bennett, a car repairer, was killed by a switch engine in the Cotton Belt yards here. He was married and was about 45 years of age and lived here.

CZAR IN FRANCE.

He Keeps Officials Busy Looking after Their Guests.

Compiègne, Sept. 21.—Emperor Nicholas exercised the prerogative of an autocrat Friday and kept President Loubet and all the occupants of the chateau compiègne marking time the whole day Friday until he had signified his desires. It was fully expected that he would drive to Pierrefonds and visit the castle and that afterwards he would go shooting in the great park attached to the chateau compiègne. All the arrangements had been made and 400 peasants were let loose in conveyes. But he did nothing of the kind. His majesty remained in his apartments until 10 o'clock when he took a short promenade in the gardens with the czarina and in the afternoon took a drive to Bauxmonts.

The emperor had a long interview with M. Waldeck-Rousseau the French premier. It lasted at least two hours. Count M. Lamsdorff, the Russian foreign minister also conferred with M. Delcasse, the French minister of foreign affairs, it is whispered that the principal subjects of the two interviews was the commercial relations between France and Russia.

The crowning feature of the day's event was the gala performance in the Chateau theater which was followed by a grand banquet in the famous Hall of Columns, at which the members of the French cabinet, the officers of the senate and chamber of deputies and leading members of the suite of the czar and M. Loubet were present.

ANOTHER APPEAL.

Indians Still Making Attempts to Stop Land Settlement.

Guthrie, O. T., Sept. 21.—Lone Wolf, principal chief of the Kiowa Indians; Eshite, principal chief of the Comanche Indians, and seven other Indians representing the Kiowa-Comanche-Apache federation have appealed to the Oklahoma supreme court for a temporary injunction to prevent the settlement by whites of the lands recently opened in Oklahoma and petitioning to be restored to all their rights. They named as defendants ex-Governor W. A. Richards who conducted the land opening and the registers and receivers of the El Reno and Lawton land offices.

Their petition was refused by Judge Irwin in the Canadian county district court on Aug. 9, and they appealed from his decision.

Mrs. McKinley's Condition.

Canton, O., Sept. 21.—When approached here and asked as to the condition of Mrs. McKinley, Dr. Rixey said: "Mrs. McKinley's grief is intense. She is doing as well could be expected. However, too much encouragement should not be taken at this early in the day regarding her."

Still Improving.

Canton, Sept. 21.—Mrs. McKinley's condition was more favorable yesterday morning than at any time since her arrival here. Her condition is as good as could have been expected and she secured considerable rest Thursday night.

Head Cut from Body.

Hobart, O. T. 21.—The dead body of a carpenter named John McCutcheon was found three miles east of here lying on the railroad track. The head was severed from the body. McCutcheon left here early Friday on the body from H. A. Allen of Marlow, I. T. Deceased had no relatives here.

Freight Agent Sheppard Resigns.

San Francisco, Sept. 21.—A. D. Sheppard, general freight agent of the Southern Pacific company has handed in his resignation. He will go to Victoria, B. C., as resident agent of the Pacific Improvement company. G. W. Luce, assistant general freight and passenger agent of the company at Los Angeles, will probably succeed Mr. Sheppard.

Loubet's Speech a Puzzle.

Bethany, France, Sept. 21.—In his speech at luncheon after the review here, President Loubet created somewhat of a sensation by saying: "The Franco-Russian alliance is pledged to settlements inspired by justice and humanity." Whether rightly or otherwise, some of the hearers took the remark to refer to affairs in South Africa.

Retraction by a Minister.

Huntington, Ind., Sept. 21.—Rev. Joseph Wildman, a minister tarred and feathered in this city Monday evening for criticism of the life of the late William McKinley, has issued a card of retraction. At first he remained obstinate and maintained his utterances were intentional and correct. He now acknowledges his error and begs the public's pardon.
